CLERK, U.S. DISTRICT COURT  
WESTERN DISTRICT OF TEXASBY *[Signature]* DEPUTY CLERK

To the honorable Judge Xavier Rodriguez, I, Brandon Morris USM#09278480 would like to dismiss counsel and appoint a new court appointed attorney. The reason being is that he has been lying to me and trying to coerce me into signing a plea of 10-life. He refuses to ask the government for any type of better deal. I have the minor role but he says that doesn't matter. The Prosecutor even said that he believes I didn't know how much drugs was involved but yet ~~that~~ Mr. Camara doesn't ask him if they could drop the quantity. The quantity is the reason I have 10-life mandatory minimum and it would make sense to at least ask since they aren't out to get me. I feel like Mr. Camara wants me to just sign right away and get my case over. He told me that if I signed I'd get Safety Valve then once I ~~signed~~ signed he told me that I don't qualify. Please assign me new counsel and I don't want to go thru with that plea deal that I was coerced into signing.

Sincerely  
*Brandon Morris*
